HONORING MARSHALL AND MARJORIE BARLOW

HON. GWEN MOORE

OF WISCONSIN

IN THE HOUSE OF REPRESENTATIVES Wednesday, September 30, 2009

Ms. MOORE of Wisconsin. Madam Speaker, I rise today to congratulate Marshall and Marjorie Barlow for being selected for the 2009 Angels in Adoption Award. This award is to honor the tremendous and selfless work of two of my constituents that has enriched the lives of foster children and orphans. I believe the Barlow family is truly deserving of this high honor and I want to commend them for their service to our community.

According to most recent data from the Department of Health and Human Services, in 2006, 79,000 children were taken away from their parents in the court systems but only 51,000 were adopted. According to the same data, in 2006, there were a total of 510,000 children in the U.S. foster care system that needed a safe environment to live. These startling facts demonstrate that foster care families, like the Barlows, are so tremendously important for helping and preserving our nation's most valuable investment for the future, our children.

Marshall and Marjorie have gone consistently above and beyond the call of duty by taking on a rather specialized role in the foster care system. In addition to over 400 children who have entered their doors, the Barlow family serves as an assessment family. Assessment families are on call 24 hours a day, 7 days a week in order to ensure that a potential adopting family meets the requirements for providing a safe and caring environment for the children.

The Barlow family also shows their deep and personal dedication to the foster care system through many different aspects of their own lives. For example, their household contains what they call a "virtual store," a collection of clothes, toys, and care items for children of all ages. Another example of their generosity is when Marjorie and Marshall, already parents of three, opened their family to one of their foster children. The first young woman that they took in was pregnant and they helped her give birth to the first child that they adopted into their own family, Taliyah.

Marshall and Marjorie Barlow are truly deserving of this honor and recognition for their dedication to such a noble cause. The Barlow family is a true inspiration to us for touching the lives of so many children that desperately need our help.

IN HONOR OF DR. BENJAMIN F. PAYTON

HON. SANFORD D. BISHOP, JR.

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES Wednesday, September 30, 2009

Mr. BISHOP of Georgia. Madam Speaker, I rise today to pay tribute to Dr. Benjamin F. Payton of Tuskegee, AL. Dr. Payton will retire next year after 28 years as the president of Tuskegee University. During his tenure, he guided the university through unprecedented growth and development.

A native of Orangeburg, SC, Dr. Payton graduated Phi Beta Kappa from South Carolina State University in 1955 with a B.A. in social studies. He went on to receive a B.D. from Harvard in political theology, an M.A. from Columbia in the philosophy of religion, and a Ph.D. in social ethics from Yale.

Prior to joining Tuskegee, Dr. Payton was program officer of Higher Education and Research at the Ford Foundation in New York City (1972–81); president of Benedict College in Columbia, SC (1967–72); executive director of the Commission on Religion and Race at the Department of Social Justice at the National Council of Churches in the U.S.A. (1966–67); director of the Office of Church and Race at the Protestant Council of the City of New York (1965–66); and an assistant professor at Howard University in Washington, DC (1963–65).

Dr. Payton has served Tuskegee since 1981. Among his many accomplishments at the university, he established and developed a number of programs for students in the fields of engineering, health care, bioethics, and business.

Additionally, he has been instrumental in raising funds for various renovation and improvement projects on campus, has helped to increase the endowment almost sevenfold, and has served as a shining example of leadership and moral courage for every student who steps on the Tuskegee University campus.

He has received three Presidential appointments, first by President Ronald Reagan to the Board for International Food and Agricultural Development, by President George H. Bush to lead the Task Force on Agricultural and Economic Development to Zaire, and most recently by President George W. Bush to chair the Advisory Board on Historically Black Colleges and Universities.

Madam Speaker, it is my distinct honor to recognize Dr. Benjamin F. Payton on the occasion of his retirement and I commend him for his dedication, outstanding leadership and, above all, thank him for his years of sacrifice, hard work, and service to his community and to the United States.

RECOGNIZING INDIANA UNIVERSITY OF PENNSYLVANIA'S COMMITMENT TO OUR STUDENTS AND COMMUNITY

HON. JOHN P. MURTHA

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 30, 2009

Mr. MURTHA. Madam Speaker, Indiana University of Pennsylvania (IUP) has been providing quality, affordable higher educational opportunities to students since 1875.

With over 14,000 students, 1,600 employees, and an annual operating budget of nearly \$250 million, IUP is one of the top economic drivers in Indiana County, and the reason why unemployment rates there fall well below the national and state averages.

In this tough economy, IUP has the largest student enrollment in University history, and has been frequently ranked as a "best value for public colleges and universities."

Madam Speaker, when my grandfather, Charles Ray, graduated from IUP in 1902, there were only twenty-five students in his class. Twenty-five years later, my mother graduated from IUP, and by the time my daughter graduated from IUP the University had over 10,000 students.

Having worked with IUP over the last few decades, I have witnessed both their academic achievements and their strong leadership within our community. University officials work hand-in-hand with our local and state representatives to identify projects that have the greatest academic impact on our students and the greatest economic impact on our community.

The Foundation for IUP is currently working with city and county officials to make a series of main street improvements to downtown Indiana. The Foundation's \$500,000 investment is transforming the city's main thoroughfare and improving the livability of our community.

IUP is near the completion of a multi-phase residential revival program, a \$270 million public-private collaboration that is the largest of its kind in the nation. These new student housing facilities integrate "living-learning" space and are beautifying both the campus and community.

• This "bullet" symbol identifies statements or insertions which are not spoken by a Member of the Senate on the floor. Matter set in this typeface indicates words inserted or appended, rather than spoken, by a Member of the House on the floor. Most recently, IUP began construction of a 150,000 square-foot convention and athletic complex. The complex, built on the site of a former salvage company, will provide IUP and the community with space to accommodate large events that will bring in both patrons and revenue.

Madam Speaker, I rise to commend the achievements of Indiana University of Pennsylvania, and to thank them for their exceptional commitment to our students and to our community.

COPPER QUEEN COMMUNITY HOSPITAL 125TH ANNIVERSARY

HON. GABRIELLE GIFFORDS

OF ARIZONA

IN THE HOUSE OF REPRESENTATIVES Wednesday, September 30, 2009

Ms. GIFFORDS. Madam Speaker, I rise today to recognize the Copper Queen Community Hospital, which has been providing exceptional healthcare in Bisbee and Southeastern Arizona for 125 years.

Copper Queen Community Hospital began serving residents in this historic mining community of Bisbee in the 1880s. Like the community it serves, the hospital has come a long way since those rough and tumble days, when its medical care was offered in a mining cave.

The first hospital building was built by the mining companies in 1900—a dozen years before Arizona even became a state. Twenty-six years later, a new hospital was constructed to provide services to the miners and other patients. At that time, Bisbee was a thriving and bustling community, a town that grew prosperous because of copper, gold, silver and other minerals.

Today's current hospital building opened in 1961, thanks to the Phelps Dodge Corporation. It was operated by the mining company until 1976, when the hospital and all equipment were donated to the Cochise County Hospital Association. At that time, the Bisbee

Hospital Association was established to oversee hospitals operations and to ensure that Southeastern Arizona had access to necessary medical services and high-quality patient care. This new association was open to community members and leaders, beginning a tradition of community involvement that continues to this day.

The Copper Queen Community Hospital of 2009 is a 14-bed critical-access, non-profit facility that provides a full range of medical services to residents of Bisbee and Cochise County. In recent years, clinics in outlying areas have extended healthcare to rural communities.

The hospital's strong commitment to rural healthcare makes it a worthy recipient of federal assistance. Needed funding allows for the ever expansion of the emergency room, improvement in patient services and help for those in need in Cochise County.

For more than a century, Copper Queen Community Hospital has held true to its mission of providing access to primary healthcare in southeastern Cochise. The hospital is one of only four in Arizona to be on the list of the 100 Top Regional Hospitals in the United States. It plays a critical role in the delivery of medical services to the people of Congressional District 8.

I am proud to join with a grateful community to commend Copper Queen Community Hospital for its long tradition of quality healthcare and I wish it continued success.

 $\begin{array}{c} {\tt CONGRATULATIONS~CHANCELLOR} \\ {\tt ANGELA~MERKEL} \end{array}$

HON. JOE WILSON

OF SOUTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES Wednesday, September 30, 2009

Mr. WILSON of South Carolina. Madam Speaker, on September 29, 2009, The New York Times reported that "Europe's Socialists Suffering Even in Downturn." This comes on the heels of the September 27th elections in Germany where the socialist parties faired poorly receiving only 23 percent of the vote—their worst result since World War II.

I want to congratulate Chancellor Angela Merkel on her re-election to the position of chancellor and commend her on her capable and strong leadership for the German people and in the world community. She now leads a coalition made up of the Christian Democrats and Free Democrats who received 33.8 percent and 15 percent of the vote respectively.

Following her original election, Merkel was the first person from the former East Germany to assume the post of chancellor of the unified Germany. This is a tremendous achievement since she grew up under the communism of East Germany.

With a center-right majority, Chancellor Merkel will continue to lead with conservative principles towards greater prosperity. Germany will continue to be a vital member of NATO promoting peace through strength.

I am grateful for my German heritage which German Ambassador Klaus Scharioth substantiated for me this year. My ancester Daniel Weisiger was born in Frankfort in 1709 and immigrated in 1731, from Rotterdam, the Netherlands, to Philadelphia, Pennsylvania. He settled in Chesterfield County, Virginia. I am

proud to continue my German heritage with my first name being Addison, even though my nickname is Joe. My second son and first grandson now continue the name Addison.

AIDING AMERICAN SAMOA IN QUAKE AND TSUNAMI RECOVERY EFFORTS

HON. DONNA M. CHRISTENSEN

OF THE VIRGIN ISLANDS
IN THE HOUSE OF REPRESENTATIVES
Wednesday, September 30, 2009

Mrs. CHRISTENSEN. Madam Speaker, I once again today rise to extend my thought and prayers to the victims of the 8.0 magnitude earthquake and the subsequent tsunami that devastated our brothers and sisters in the U.S. territory in the South Pacific, American Samoa and Western Samoa.

Any my heart and that of all Virgin Islanders go out with sympathy to those that have lost loved ones as a result of yesterday's tragedy.

As the Congresswoman from the U.S. Virgin Islands, a community of islands that are also vulnerable to tropical disasters, and former chair of the Subcommittee on Insular Affairs, I am well aware of the toll that it can take on people, on infrastructure, on our time and resources but most especially—individuals and families. And the emotional repercussions go on long after the physical recovery is done.

Having visited American Samoa on several occasions and Western Samoa once, I know of the many struggles especially faced by the people of American Samoa, but I also know of their close family and community ties, their strength of spirit and most importantly, their faith.

The people of my district, the U.S. Virgin Islands and I stand in solidarity with the people of American Samoa at this time of their great distress

I extend my support of our colleagues and friend—the Dean of the territorial delegation—Congressman ENI FALEOMAVAEGA as we make the necessary arrangements to mobile and deploy the urgently needed emergency assistance that our President has directed, and assure them that the American people and the
